

CONSULTING BY THE HOUR

Our consulting by the hour service is for those who want a well designed space but don't want to invest in a complete renovation, or simply need their ideas more consolidated to create a realistic, beautiful design plan.

The first hour is \$500, and every hour after is \$250.

WHAT TO EXPECT:

- Two of our designers will come to your home and walk through the rooms you'd like design assistance with. For an hourly fee, we will brainstorm what the room needs to feel like a space you will love. We will review things such as room layout, paint colors, tile, wood choices, furniture pieces, wall decor, rugs, etc. Have a notebook ready because we will give you every idea and suggestion we can to make your space come to life!
